

ITIL® 4 SPECIALIST: CREATE, DELIVER AND SUPPORT

Course Code: 100437

Integrate different value streams and activities to create, deliver and support IT-enabled products and services, and relevant practices, methods and tools.

This course provides those IT leaders, practitioners and support staff who already hold the ITIL 4 or ITIL 3 Foundation qualification with an understanding of how to integrate different value streams and activities to create, deliver and support IT-enabled products and services, and relevant practices, methods and tools. It gives them an understanding of service performance, service quality and improvement methods. The course is based on the ITIL 4 best practice service value system featured in the latest 2019 guidelines.

As a part of this course, all candidates will receive an exam voucher to schedule the ITIL Specialist: Create, Deliver and Support exam through Peoplecert. As of February 1, 2022, all exams will be administered in an online proctored format only. Exams can be scheduled at www.peoplecert.org.
