

BUSINESS FINANCE BASICS

Course Code: 100927

Learn the functions and tools of business finance.

In this full day live instructor-led class, you will examine financial statements—including the balance sheet, income statement, cash flow statement, and statement of stockholders' equity—as guides to fiscal health. You will also identify what you want to gain from a budget and describe the steps of budgeting to meet these goals. *Finance and Budgeting Essentials for Business Professionals* grounds you in the functions and tools of finance.

What You'll Learn

- Describe the importance and major elements of financial statements.
- Use balance sheets to determine the assets a company has at its disposal.
- Interpret income statements to identify corporate earnings, expenses, and profitability.

Who Needs to Attend

All business professionals who want to learn more about business finance.

Prerequisites

To ensure your success, we recommend you have some level of work experience in any of a variety of organizational settings. You should also have general end-user computer and Internet skills, including basic Excel.
