

SEXUAL HARASSMENT IN THE WORKPLACE

Course Code: 100967

Get trained in techniques to prevent workplace harassment.

This course is designed to help acquaint yourself and others with an understanding of preventing sexual harassment at work and handling complaints when they do occur. In this course, participants will learn to recognize actions that would be considered sexual harassment under most laws, learn how to set up procedures to deal with sexual harassment complaints, and understand how to prevent sexual harassment in your organization.

You will learn the answers to all of your questions about dealing with sexual harassment in the workplace. You'll review real cases, learn some tips and tools for dealing with situations that may come up, and implement steps to prevent the occurrence of harassment.

What You'll Learn

- Implement steps to prevent the occurrence of sexual harassment
- Understand Sexual Harassment in the Workplace
- Define Sexual Harassment Under the Law
- Prevent Sexual Harassment in the Workplace
- Maintain a Positive Work Environment

Who Needs to Attend

This course is for individuals looking to either obtain their certification to provide to an employer/organization as proof of training for compliance purposes or to further their knowledge of this important topic.
