

AMA2242: ADVANCING FROM AN OPERATIONAL MANAGER TO A STRATEGIC LEADER

Course Code: 2478

Discover how to anticipate, initiate, and manage change.

In this course, you will learn to become an innovator, a persuasive player, and a champion of strategic change. You will gain the knowledge and skills to close the gap between where you are now and where you want to be. You'll conduct SWOT analysis, leverage key prospects for strategic opportunities, and inspire risk taking and innovation. This course provides you with the skills to add value to your organization and move your team forward decisively.

What You'll Learn

- Inspire and direct your team to greater readiness and competitiveness
- Use strategic thinking to add value to your organization by understanding the needs and expectations of your customers
- Anticipate and innovate strategies to link strategic vision to core capabilities
- Recognize opportunities to influence and create strategic alliances
- Use strategic thinking to identify key strengths and weaknesses in your work group
- Encourage and support risk taking and innovation at all levels
- Develop persuasive skills to sell your strategic ideas

Who Needs to Attend

Managers with fewer than five years of management experience who want to move into a more strategic role
