

CBAP CERTIFICATION PREP BOOT CAMP

Course Code: 2489

Prepare for the CBAP® and CCBA® exams in this interactive Boot Camp.

Business analysis is achieving worldwide recognition as a profession in its own right. [The CBAP® designation](#) is a mark of distinction for intermediate and advanced-level practitioners, recognizing their demonstration of the knowledge and skills necessary for effectiveness and a professional level of competence in business analysis principles and practices. This CBAP training course is intended to comply with the International Standards Organization (ISO) 17204 standard for certifying the competence of personnel.

You can count on a fun, challenging, and ultimately productive learning environment as our experts download their knowledge and secrets for IIBA certification success and help you upgrade yours. If you want to learn how to analyze and document your business analysis credentials and experience, submit a successful application for the CBAP®, sanely and efficiently prepare for the exam, and pass the exam on your first try, you cannot afford to miss this CBAP® Certification training course!

What You'll Learn

- Analyze and remember the most important elements of the Business Analysis Body of Knowledge®
- Record progress and identify gaps in your business analysis qualifications
- Analyze your unique combination of education, knowledge, and skills to determine the best way to package it for the CBAP or CCBA application
- Explore the nature and construction of the application and examination
- Improve your chances of success with the CBAP certification process
- Influence your organization to recognize the value of CBAP / CCBA certification
- Importance of documenting your education and experience for continued certification requirements
- What knowledge from the BABOK and other sources comprise the CBAP and CCBA certifications
- Use practical methods for improving testing success
- IIBA certifications
