

AWS EXAM READINESS WORKSHOP: AWS CERTIFIED SYSOPS ADMINISTRATOR – ASSOCIATE

Course Code: 4857

The AWS Certified SysOps Administrator - Associate exam validates technical expertise in deployment, management, security, and operations on the AWS platform. Join this half-day, intermediate-level bootcamp to learn how to prepare for the exam by exploring the exam's topic areas and how they map to SysOps on AWS and to specific areas to study. The bootcamp reviews sample exam questions in each topic area and teaches you how to interpret the concepts being tested so that you can more easily eliminate incorrect responses.

This course includes AWS Training Exclusives. [Learn more!](#)

What You'll Learn
