

ULTIMATE IT SKILLS COLLECTION

Course Code: 7950

Build your skills with 12 months of unlimited access to over 1,000 On-Demand courses covering the hottest topics in IT.

The Ultimate IT Skills Collection

Exclusive to Global Knowledge - Accelerate your learning with access to over 1,000 courses. The access is unlimited but the pricing won't last forever. Save through the end of September, 2020. Exclusive access to our customer success team that is ready to help with training questions and learning paths.

Your IT systems are not limited to a single vendor or topic, so why should your training? The Ultimate IT Skills Collection includes 12 months of unlimited access to over 1,000 On-Demand courses covering like cloud computing, cybersecurity, application development, big data, networking, business training and more. As new courses are released, you'll automatically gain access for the duration of your subscription.

Build the skills to become more effective in your job or prepare to get certified by completing as many courses as you would like or by viewing segments related to project-specific tasks — the choice is yours.

All courses include:

1. Unlimited 12-month access
2. Access to all course updates and additions during your subscription period
3. HD-quality streaming videos that adapt to your connection speed and device
4. Practice opportunities, knowledge checks, quizzes, and comprehensive assessments
