

PRODUCTIVE TEAM MEETING FACILITATION

Course Code: 821250

Facilitation Techniques for Clearer, More Impactful Meetings.

Effective meetings are the cornerstone of productive teams—but poorly planned or facilitated meetings can waste time, reduce engagement, and stall progress. “Productive Team Meeting Facilitation” equips participants with the practical skills and strategies needed to lead meetings that are focused, collaborative, and results-driven.

By the end of the course, participants will confidently lead meetings that save time, boost collaboration, and drive measurable results, transforming every gathering into a productive step toward team and organizational goals.

What You'll Learn

In this course, participants will learn how to:

- Plan and structure meetings for maximum efficiency and clarity.
- Facilitate discussions that encourage participation and minimize conflict.
- Keep teams focused on objectives while managing time effectively.
- Turn meeting outcomes into actionable follow-up plans.
- Use tools and techniques to engage remote and in-person teams.

Who Needs to Attend

- Team Leaders and Supervisors – Anyone responsible for leading team meetings who wants to make them more efficient and results-oriented.
- Project Managers – Professionals coordinating cross-functional teams and seeking better engagement and follow-through in meetings.
- Department Managers – Leaders looking to improve collaboration, accountability, and productivity in regular team gatherings.
- Emerging Leaders – Individuals preparing to take on facilitation or leadership roles and wanting to develop strong meeting skills.
- Anyone who Facilitates or Participates in Team Meetings – Employees who want to contribute to more effective, structured, and outcome-focused meetings.

Prerequisites

There are no formal prerequisites required for this course.
