

MICROSOFT POWERPOINT 365: PART 1

Course Code: 821478

By the end of this course, users should be comfortable using the PowerPoint 365 desktop version to create a new presentation, to make a presentation look professional and presentable, and to save and present a slide show.

Welcome to the first part of our Microsoft 365 PowerPoint courseware. PowerPoint is Microsoft's powerful and easy-to-use presentation program. This version of PowerPoint incorporates some new features in an effort to make collaboration and production as easy as possible.

This course is intended to help all novice computer users quickly get up to speed with PowerPoint. It covers different features of the interface; shows users how to create, save, and present a basic presentation; looks at the basics of formatting; and discusses how to add multimedia to a presentation.

Most of the features Microsoft incorporated in [Office 2019](#) already exist in Office 365. Office 365 is a great solution for those looking for Office 2019 Training.
