

MICROSOFT POWERPOINT 365: PART 2

Course Code: 821479

By the end of this course users should be comfortable with customizing the PowerPoint user interface, customizing design templates, implementing media and custom animations in a presentation, using collaboration tools, customizing slide shows in a number of different ways, as well as securing and distributing a presentation.

Welcome to the second part of our Microsoft 365 PowerPoint courseware. This version of PowerPoint incorporates some new features and connectivity options in an effort to make collaboration and production as easy as possible.

This course is intended to help all users get up to speed on many of the different features found in PowerPoint and to become familiar with its more advanced selection of features. We will cover how to change the PowerPoint environment, create customized design templates, work with SmartArt, add media and customized animations, collaborate on presentations, customize slide shows, and more.

Most of the features Microsoft incorporated in [Office 2019](#) already exist in Office 365. Office 365 is a great solution for those looking for Office 2019 Training.
