AWS DISCOVERY DAY FUNDAMENTALS OF A MODERN DATA STRATEGY ON AWS

Course Code: 821554

Learn how to modernize, unify, and innovate your way to a modern data strategy with AWS.

Organizations need a data strategy to succeed, but there's no one-size fits all approach. Every organization will have unique objectives and obstacles. Join this event to learn how to modernize, unify, and innovate your way to a modern data strategy with AWS.

- Level: Fundamental
- Duration: 1.5 hours

What You'll Learn

During this event, you will learn:

- How AWS services help you modernize, unify, and innovate your data infrastructure
- How to use AWS services to provide secure and well-governed access to data
- How to innovate with AI/ML by harnessing your data with built-in ML

Who Needs to Attend

This event is intended for:

- Data architects, data scientists, and data analysts new to the AWS Cloud
- Solutions architects
- Database administrators
