

# ITIL® 4 SPECIALIST: ACQUIRING & MANAGING CLOUD SERVICES

Course Code: 821566

Discover how cloud technology can support broader business strategy and functions

The ITIL Specialist: Acquiring & Managing Cloud Services module is for anyone requiring vendor-neutral, user-centric guidance on developing a practical understanding of how cloud procurement and technology can integrate with, and support broader business strategy and functions; regardless of sector, industry or cloud maturity.

This course explores the concept of the 'cloud services user journey' which aligns key ITIL concepts such as Guiding Principles and the Service Value Chain to provide a holistic view and understanding of the entire procurement lifecycle. It will cover the procurement, implementation and ongoing evaluation of cloud services and technologies to ensure they provide value.

As part of this course, all candidates will receive an exam voucher for the ITIL Specialist: Acquiring & Managing Cloud Services exam through PeopleCert. As of February 1, 2022, all exams will be administered in an online proctored format only. Exams can be scheduled at [www.peoplecert.org](http://www.peoplecert.org).

## What You'll Learn

After you complete this course you will be able to:

- Analyze available solutions and potential benefits using a vendor-neutral approach
- Effectively identify, select and deliver optimized cloud services
- Facilitate value co-creation through successful cloud services procurement and integration whilst applying the ITIL 4 framework
- Adopt a customer-focused end-to-end cloud procurement user journey

## Who Needs to Attend

This course is aimed at anyone requiring vendor-neutral, user-centric guidance on

developing a practical understanding of how cloud procurement and technology can integrate with and support broader business strategy and functions; regardless of sector, industry, or cloud maturity.

- Individuals continuing their journey in service management.
- ITSM managers and aspiring ITSM managers.
- ITSM practitioners managing the operation of IT-enabled & digital products and services, and those responsible for the end-to-end delivery.

## Prerequisites

There are no formal pre-requisites for studying Acquiring & Managing Cloud Services. The relevant key concepts from the ITIL 4 framework will be covered as part of the module, making it accessible to anyone interested in gaining critical skills in this area.
