

TOGAF® EA TRAINING - PRACTITIONER

Course Code: 821631

Validate your ability to analyze and apply the TOGAF Standard to developing, sustain, and use an Enterprise Architecture.

This TOGAF® EA Training Practitioner Course is based on the latest version of TOGAF® Standard 10th Edition and will help you to prepare to take The Open Group examination leading to the TOGAF® Enterprise Architecture Practitioner Certification. The TOGAF® Enterprise Architecture Practitioner certification provides validation that an individual has the knowledge, comprehension, and ability to analyze and apply the TOGAF® Standard to developing, sustaining, and using an Enterprise Architecture.

The learning objectives at this level focus on application and analysis in addition to knowledge and comprehension. This course introduces all of the topics defined as the Learning Outcomes upon which the TOGAF® Enterprise Architecture Practitioner Examination is based, but Candidates should be aware additional study outside of class is highly recommended to pass the exam.

This new version includes the TOGAF Enterprise Architecture Practitioner Learning Studies as a mandatory element of the training.

In this 2 day TOGAF® Enterprise Architecture Practitioner course the following subjects are covered:

- The TOGAF Leader's Guide to Establishing and Evolving an EA Capability
- A Practitioners' Approach to Developing Enterprise Architecture Following the TOGAF® ADM
- Enabling Enterprise Agility
- Business Models
- Business Capabilities
- Business Scenarios
- Information Mapping
- Organization Mapping
- Value Streams
- Integrating Risk and Security within a TOGAF® Enterprise Architecture
- Using the TOGAF Standard in the Digital Enterprise

This TOGAF® EA Training Practitioner course is accredited by The Open Group.

TOGAF® is a registered trademark of The Open Group.
