

IBM LEARNING SUBSCRIPTION

Course Code: 900040

Explore this subscription package provides access to a large selection of IBM Digital modules.

This subscription package provides access to a large selection of IBM Digital modules.

This choice will include one IBM Certification exam voucher for the technology area of your choice.

The subscription is a fixed-price service, valid for a set period (such as 12 months). It provides an access code to a container of training content hosted on IBM's Digital Learning Platform. Content is available 24 hours per day, 7 days a week, submitted to IBM platform's availability.

- Web-Based Training (WBT) Elearning courses provide lecture material in text or graphic form, sometimes including audio narration, recorded demonstrations, recordings, simulated demonstrations, and skills validation. Skills validations may be a true/false or choosing options from the training in simulations demonstrations.
- Self-Paced Virtual Classroom (SPVC) courses include material as described in the WBT course above, plus hands-on exercises.
- Microlearning (ML) courses are very short, lab-based courses.
- Videos illustrate specific topics or share expert's vision.

What You'll Learn

- Enhance skills at student's own pace on various subjects on multiple IBM Brands and products (See Content Details).
- Contains +200 items for a total duration in hours over 2850 hours. Detailed content may vary as updated regularly (adds, removals).
- Gives access to up to 9 IBM Labs to practice exercises on selected topics.

Who Needs to Attend

- Individuals interested in multiple IBM trainings.

Prerequisites

- Variable – Associated with each Digital Module selected.

IBM LEARNING SUBSCRIPTION
