

MAXIMO APPLICATION SUITE - MANAGE: DATABASE CONFIGURATION

Course Code: 900043

Learn how to extend the Maximo Manage data model using the in-built applications, including the creation of new objects, attributes, relationships, views, and indexes.

In this course, you will learn how to extend the Maximo Manage data model using the in-built applications, including the creation of new objects, attributes, relationships, views, and indexes. This course also discusses the defaulting and auto-numbering of values and the configuration of field-level auditing and e-signature, along with other actions in the Database Configuration application.

What You'll Learn

After completing this course, you should be able to:

- Discuss database configuration updates and capabilities
- Perform database configuration changes
- Create New Objects
- Create New Attributes
- Create New Relationships
- Add a View to Maximo
- Create New database Indexes
- Default Values in Maximo
- Create User Messages
- Discuss Common and More Actions
- Enable Auditing in Maximo
- Enable E-Signature in Maximo
- Implement and practice these concepts in the hands-on lab

Who Needs to Attend

Consultants, System Administrators, Support, Sales, Users

MAXIMO APPLICATION SUITE - MANAGE: DATABASE CONFIGURATION

Course Code: 900043

VIRTUAL CLASSROOM LIVE

\$1,900 USD

2 Day

Virtual Classroom Live Outline

Module 1: Overview of Database Configuration

- Key feature and function
- Core Terminology
- Database Structure
- Maximo Data Dictionary
- Relationships
- Views
- Indexes

Module 2: Creation of New Objects

- Concepts of Object
- How to Create an Object
- Important Properties Available

Module 3: Creation of New Attributes

- Concepts of Attributes
- How to Create an Attributes I
- Important Properties Available

Module 4: Applying Database Configuration Changes

- Database Configuration Changes
- Different ways of DB configuration
- Admin Mode Dialog Properties

Module 5: Creation of New Relationship

- Creation of Relationships
- Utilization of Relationship
