AWS SKILL BUILDER TEAM SUBSCRIPTION

Course Code: 910000

The subscription includes access to interactive digital training and unique features that help you learn the way you want, gain practical experience and practice hands-on to prepare for AWS Certifications. Access interactive training to accelerate cloud transformation, increase productivity, build cloud skills at scale, foster a culture of innovation, deepen team engagement and improve recruitment and retention.

Cloud transformation can reduce costs, improve security, and drive innovation. To achieve those outcomes, you need a cloud-skilled workforce. Now, you can provide teams across your organization with the resources they need to build cloud skills anytime.

Introducing AWS Skill Builder, a one-of-a-kind learning center with on-demand and interactive training experiences designed with your team in mind. With the AWS Skill Builder Team subscription, you're equipped with unique training features and administrative capabilities to help teams meet business and professional development goals.

What You'll Learn

AWS Skill Builder Team subscription learning benefits:

- 600+ self-paced courses for learners at every level
- Learning plans based on roles or solutions like Cloud Essentials, Severless, and IoT
- AWS Cloud Quest: a role-playing game designed to teach AWS skills. Learners navigate a virtual city as a Cloud Practitioner, Solutions Architect, Serverless Developer, or Machine Learning Specialist
- AWS Jam and AWS Jam Journey: gamified learning where teams work together (or alone) to creatively solve challenges
- 200+ guided, self-paced AWS Builder Labs that immerse learners in hands-on, real-world scenarios
- AWS Certification Official Practice Exams: Practice exams that mirror actual certification exams, including exam-style scoring with pass or fail and feedback for the question and answer choices. These have the same depth, rigor, and scoring as AWS Certification exams

Plus, administrative capabilities:

- An administrative dashboard and tools provide visibility into skills progress

across teams. Organizations can drive and track training adoption across their workforce to ensure development of the relevant skills needed to achieve desired business and growth outcomes
- Manage subscription seats, assign digital training and learning plans
- Access built-in reports that show course enrollments, progress, completion rates, and more

A minimum enrollment of 2 licenses is required for a Team subscription at a price of $449 USD per license.

Who Needs to Attend

This subscription is intended for teams working with AWS Cloud at all levels of experience and knowledge, who wish to build new, and maintain existing, AWS skills and to maximize the return on their investment in AWS Cloud.
